MEMORANDUM FOR: Director of Training  SUBJECT: Presentation of Paper by Mr  to the National War College	25X1 25X1
On Saturday, 4 February, the Executive Director asked me to pass on the following to you.  1. Mr can proceed to submit his paper.	
2. In view of the attached remarks by an independent reader and the various references to and State Department documents, Executive Director wishes the Office of Training to contact the National War College to ask for a limitation on the subsequent distribution. He particularly has in mind the annual bibliography of these papers which is disseminated to all alumni. It is important that this paper not be included in such a listing.	25X1
3. The Executive Director suggests we consider to what extent we should guide our students to avoid the use of classified sources and areas of expertise which they acquired on the job in preparing such papers. Do we need a more formalised control procedure to effect this?
